ABOUT OUR CATERERS

PASSION FOOD GMBH

Passion Food specializes in catering to various International Schools in Zürich, Zug and Basel. We are dedicated to the delivery of premium food products to support your child's development and learning. Our company employs more than 30 skilled professionals serving a combined student population of 4,500 per day. We also provide hot meals and fresh salads to all staff associated with each campus.

“Our company is committed to the quality of products we use and our goal is to provide a healthy and balanced lunch program that will top any other one of our competitors.”

COMPANY PHILOSOPHY

Fresh ingredients

We use over 90% fresh ingredients. Convenience products have no place in our kitchens. Utilizing our chain of suppliers, we obtain fresh seasonal vegetables and fruits, which we cook with care to retain important nutrients and minerals. Using seasonal ingredients is a must. We do not use any factory cooked frozen vegetables except for peas and green beans. The rest are hand cut by us!

Commitment to local suppliers and quality

We use local suppliers and products as much as possible and within our budget. We are always looking for the best quality. We prefer Swiss products whenever they meet our quality standards. Passion Food is against the practice of mixing meats, if it is declared as beef meat balls on the menu you can be assured that they are 100% beef.

LUNCH OPTIONS

Allergies and special diets: Important to note!

We do understand the difficulties for students with allergies and special diets. Our trained kitchen chefs are available concerning questions and inquiries about ingredients and alternative meal preparations on a daily basis. We would be happy to provide tasty menus to comply with dietary needs. For severe allergies and food restrictions we highly recommend a personal consultation with the kitchen chef. Supplemented pricing increase may be implemented due to the higher costs of special ingredients for certain cases.

Lunch Prices / Semester

Prices are calculated based on the amount of school days per semester at ISB. Prices per Grade vary not only due to different menu prices, but also because of a different number of school days per grade (field weeks, camps, etc.). Prices are subject to change. Check online for updated price schedule.

Eat every day of selected fixed days per week

If you do not wish to sign up your child for school lunch everyday, you can register for one single day or a combination of days (needs to be same days every week).

To calculate the total invoice price see the FULL TRAY or MAIN COURSE price tables below. If you selected individual days just add the price of each day.

i.e. if you selected Full Tray on Tuesday & Friday for a Grade 7 student...192 + 180 = Total CHF 372 for the entire semester Aug - Dec 2022.

Passion Food will continue to offer the option of vouchers for the primary students in Aesch.

These vouchers are sold in booklets of ten and are a convenient solution for those families needing flexibility with providing lunch for their children. The vouchers are counterfeit proof.

GOOD TO KNOW

Students in Aesch should sign the back of the voucher immediately so it can be returned if lost.

We have introduced a "forgot my lunch voucher" system whereby students may take lunch without providing a voucher. However, they are required to pay cash or provide a voucher within three days.

Vouchers can be purchased in booklets of 10 at the Campus Lunch Kiosk or ordered online and they will be posted to your home.
